

BARNHAM AND EASTERGATE PARISH COUNCIL

PROCUREMENT POLICY

1. Procurement Values

Barnham and Eastergate Parish Council (the Council) will strive to obtain best value for all goods, materials and services which it purchases. "Best value" will be defined as a balance of price, quality of product and supplier services. The Council will operate a transparent procurement process in accordance with its Financial Regulations and Standing Orders for all procurement.

- The Council will purchase locally wherever possible and where best value can be satisfied
- In evaluating "best value" the past record of the supplier will be taken into account and this does not always mean that the Parish Council should select the lowest quotation
- The Council will purchase Fair Trade good where possible
- The Council will purchase re-cycled goods or less environmentally damaging materials where they meet the required functional standard and will have regard to project and sustain the environment
- Procurement activities will comply with the Council's Financial Regulations and follow guidance in the NALC Procurement Toolkit where possible
- Tender opportunities will be promoted on the Council's website to encourage tenders from local community and the local SME sector
- The Council will look favourably upon organisations that pay the Living Wage as set by the Living Wage Foundation

2. Current EU Procurement Thresholds

These thresholds are valid from July 2016 and are subject to change every year. The Council is also obliged to follow some basic principles.

For supplies and services over a specific contract value, a tender notice must be placed in the Official Journal of the European Union (OJEU) to give all providers within the EU an opportunity to tender.

Tenders must be invited in accordance with one of the prescribed procedures either Open, Restricted, Competitive with Negotiation, Competitive Dialogue, Innovation Partnership or Light Touch Regime. Each of these procedures imposes minimum timescales cover the tender activities to ensure that reasonable time is given to interested parties to respond to advertisements and prepare submissions

3. National Rules

Whilst there is no prescription on local authorities to tender out specific services all councils have a duty under best value legislation as laid down by Part 1 of the Local Government Act 1999 to fundamentally review their services and make arrangements to ensure continuous improvement, having regard to economy, efficiency and effectiveness.
